Appendix 4 – Decals and positioning of supplementary advertising

The organiser will provide each crew with the following, which must be affixed to their car in the positions stated prior to scrutineering:

Competition numbers

Two front door panels measuring 67cm wide by 17cm high including a 1cm white surround.

Each of these panels shall comprise a 15cm x 5 cm competition number box which shall always be at the front of the panel.

Numerals will be fluorescent yellow (PMS 803), 14cm high and with a stroke width of 2cm, on a matt black background. The remainder of the door panel is reserved for the use of the organiser.

Each panel shall be placed horizontally at the leading edge of each front door, with the number at the front. The top of the plate shall be between 7cm and 10cm below the lower limit of the window.

No signage, other than the colour scheme of the car, shall be placed within 10cm of the panel.

One rear window panel measure a maximum of 30cm wide and 10cm high, reserved for the use of the organiser. This panel shall be positioned at the bottom in the centre of the rear window. An adjacent area of 15cm shall contain the fluorescent orange (PMS 804) 14cm high competition number on a clear background. This number may be reflective and must be visible from the rear at eye level.

Two numbers for each rear side window which shall be 20cm high with a stroke width of at least 25mm, coloured fluorescent orange (PMS 804), and may be reflective. These numbers shall be placed at the top of the rear side windows in conjunction with the driver's name.

One plate fitting into a rectangle 43cm wide by 21.5cm high which shall include at least the competition number and name of the rally.

Driver's and Co- Driver's imena

The first initial(s) and surname of both driver and co-driver, followed by the national flags of the country of the ASN from which they have obtained their licences, must appear on the rear side window on both sides of the car, adjacent to the competition number. The names must be:

- In white Helvetica
- In upper case for the initial(s) and first letter of each name with the remainder in lower case
- 6cm high and with a stroke width of 1cm.

The driver's name shall be the upper name on both sides of the car.

Optional organiser's advertising

- on the front hood – GAGA Motors
- on the left side - Motul
- on the right side – Nikolić prevoz.

Appendix 5 – Extract from FIA Appendix L

All competitors are reminded of Appendix L of the FIA International Sporting Code, in particular its Chapter III - Drivers' Equipment.

Helmets (Appendix L, Chapter III, Art. 1)

All crews must wear crash helmets homologated to one of the following FIA standards:

8858-2002 or 8858-2010 (Technical List N°41),
8859-201 (Technical List N°49),
8860-2004 or 8860-2010 (Technical List N°33), or
8860-2018 or 8860-2018-ABP (Technical List N°69)

Frontal Head Restraint (FHR, Appendix L, Chapter III, Art. 3)

All crews must use FIA approved FHR systems homologated to FIA standard 8858.

Approved FHRs, anchorages and tethers are listed in Technical List N° 29.

See also helmet compatibility chart in Appendix L, Chapter III, Art. 3.3.

Flame-resistant clothing (Appendix L, Chapter III, Art. 2)

All drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2000 standard (Technical List N°27) or 8856-2018 (Technical List N° 74).

Please pay special attention to the prescriptions of Art. 2 concerning embroidery and printing on flame-resistant clothing (manufacturer certificates etc.) as well as concerning the correct wearing of the clothing elements! See also Regional Rally Sporting Regulations, Article 53.1.

Biometric Devices (Appendix L, Chapter III, Art. 2.1)

Drivers may wear a device to collect biometric data during racing.

If the biometric device is integrated into a protective garment homologated to FIA Standard 8856, the garment shall be homologated to FIA Standards 8856 and 8868-2018.

If the biometric device is a stand-alone device, then the device must be homologated to FIA Standard 8868-2018 only. This device must be worn in addition to the garment homologated to FIA Standard 8856.

Wearing of jewellery (Appendix L, Chapter III, Art. 5)

The wearing of jewellery in the form of body piercing or metal neck chains is prohibited during the competition and may therefore be checked before the start.

Appendix 6 – Competitors safety

Use of SOS/OK signs

Each competing car shall carry a red “SOS” sign and on the reverse a green “OK” sign measuring at least 42 cm x 29.7 cm (A3). The sign must be placed in the car and be readily accessible for both drivers.

Each competing car must carry a red reflective triangle.

Incident on a Special stage

In the case of an accident where urgent medical attention is required, the following applies:

- The SOS switch on the emergency console must be activated as soon as possible (if applicable)
- When possible the red “SOS” sign should immediately be displayed to the following cars and to any helicopter attempting to assist.

- As soon as possible, the red reflective triangle must be placed in a conspicuous position on the same side of the road as the car at least 50 metres before the car’s position, in order to warn following drivers, even if the car is off the road.

Any crew which has the red “SOS” sign displayed to them, or which sees a car which has suffered an accident, and the OK sign is not shown, shall immediately and without exception stop to render assistance. All following cars shall also stop. The second car at the scene shall proceed to inform the next Radio point which may be finish control:

- Competition number of the crew involved If and how many crew members or spectators are injured
- If any of crew member and spectators are trapped in or outside the car
- Location of the accident, i.e. the closest road book junctions or kilometer post
- Any other vital information, i.e. fire, water.

Subsequent cars shall leave a clear route for emergency vehicles.

All crews stopped by this procedure will be allocated a time upon notification by the Clerk of the Course.

In the case of an accident where immediate medical intervention is not required or of a car stopping for any other reason on or beside a special stage, whether temporarily or permanently, the following applies:

- The OK switch on the emergency console must be activated within one minute (if applicable).
- The green “OK” sign must immediately be displayed to the following cars and to any helicopter attempting to assist. If the crew leaves the vehicle, the “OK” sign must be displayed so that it is clearly visible to all following crews.

- The red triangle must be placed in a conspicuous position on the same side of the road as the car by a member of the crew at least 50 metres before the car’s position, in order to warn following drivers, even if the car is off the road.

Should it not be possible, for whatever reason, to display the OK/SOS board in any of the above situations, this may be replaced by an evident and clearly understandable sign language shown by the crew outside of the car:

- an arm and thumb up to indicate “OK”
- crossed arms above the head to indicate “SOS”.

Any crew which is able but fails to comply with the above rules will be reported by the Clerk of the Course to the Stewards.

Appendix 7 – Method of installation of tracking devices

The GPS tracking device is intended to control the movement of a racing vehicle during a rally for safety reasons.

The device must be used as follows:

- use in a competition vehicle
- connect to +12 V in a continuously powered vehicle
- place the device on the protective cage so that the box stands with the number facing up and fasten it with the prepared ties
- control of the functionality of the device will be performed during the Scrutineering
- if there is a need for **EMERGENCY INTERVENTION**, press the **SOS** switch
- for all questions or help with connecting the device, contact e-mail: rally@gaga.co.rs

Debit the device during Scrutineering with a deposit of 100 euros.

Return the device:

- for crews who retrim during the rally, the return of the device and the deposit will be done in the HQ.
- for crews who finish the rally in the Parc Ferme after the rally.
